Dear Councillor Outhit,

RE: LWFRA Approval Process Clarification - North West Community Council

I am writing to follow up on the item of business raised at the last Community Council meeting, 8th April 2018. During the course of the meeting the oversight and approval process of the North West Community Council (NWCC) over LWFRA was discussed and it was determined that NWCC had no authority to approve or deny any of the recommendations put forward by LWFRA. This item was subsequently raised and discussed at a recent meeting of the LWFRA and I am writing to you to seek clarification.

Unless I hear otherwise prior to the next meeting of the LWFRA I will take it that the legal opinion the Committee was given to be accurate. With this being the case the LWFRA will forward all future projects requiring oversight to the HRM Council Clerk to be added to the agenda of the next Regional Council meeting. I hope you will agree that this will comply with the spirit of the intended oversight whilst ensuring the residents of LWFRA receive a fair and reasonable process for moving forward with resident driven projects in the Lakeview, Windsor Junction and Fall River area.

Yours sincerely,
